

Leukoplast® Antimicrobial spools

Leukoplast®

Antimicrobial resistance – the challenge of our time

- Due to the extensive use of antimicrobials and antibiotics, multi-resistant bacteria are on the rise
- The resistance of *Staphylococcus aureus*, which is a common cause of severe infections in health institutions, is especially a threat
- The WHO estimates that patients infected with MRSA (methicillin-resistant *Staphylococcus aureus*) are 64% more likely to die compared to patients with a non-resistant form¹
- The prevention of infections and cross-transmission is, therefore, a crucial part of today's healthcare protocols
- Antimicrobial spools have shown the potential to reduce the risk of bioburden in clinical settings, thus decreasing the sources of cross-transmission ²

Our contribution: Leukoplast® antimicrobial spools

The world's first spools and snap rings that actively fight against germs! Their innovative combination of materials with antimicrobial properties combats pathogens such as MRSA and prevents them from spreading.

Active antimicrobial properties through a reduction in pH levels:

- The antimicrobial component incorporated into the spool material reacts with the atmospheric moisture on the surface.
- An acidic environment is formed, in which pathogenic germs are destroyed.

*Laboratory studies, carried out by SGS Germany GmbH on behalf of BSN Medical GmbH, 2016, data on file

Preventing cross-contamination*

Leukofix®

The transparent tape for quick fixation. Can be easily torn in all directions along the perforated lines.

Leukopor®

The highly-breathable and water-repellent paper tape for sensitive skin. Also suitable for fixation of measuring devices.

Leukoplast® Elastic

The classic fixation tape for secure and permanent adhesion. Ideal for normal and sensitive skin.

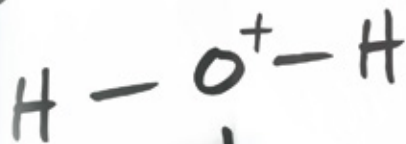

Product Code	Product Description	Selling Unit	Unit of Measure	Minimum Order	Nappi
MICROPOROUS PAPER TAPES					
LEUKOPOR® - Microporous Paper Tapes					
02481-00	12.5mm x 5m	RL	1 Roll	24 x 1	518536002
02482-00	25mm x 5m	RL	1 Roll	12 x 1	518537002
02484-00	50mm x 5m	RL	1 Roll	6 x 1	518539002
MICROPERFORATED TRANSPARENT TAPES					
LEUKOFIX® - Microperforated Transparent Tapes					
02121-00	12.5mm x 5m	CN	1 Roll	24 x 1	518501002
02122-00	25mm x 5m	CN	1 Roll	12 x 1	518518002
02124-00	50mm x 5m	CN	1 Roll	6 x 1	518520002
ROLL AND EXTENTION PLASTERS					
Leukoplast® Elastic					
01071-00	25mm x 2.5m	RL	1 Roll	1 x 12	649948001

Antimicrobial spools and snap rings

*The antimicrobial properties do not refer to the plaster tape.

We have reinvented the wheel!

Leukopor

The soft plaster
tape for particularly
sensitive skin.

It is especially
supple and
water repellent.

More than 99.9% MRSA reduction
on the spools within 6 hours!*
